

# CURTAIN COATERS

FSC-300 • FSC-600 • FSC-900 • FSC-1200

## FEATURES

- The machine is applicable for UV top and lacquer PU and NC water based paint. Suitable for surface coating for various K/D furniture, wooden toys and composite figures, etc.
- The gap for paint can be synchronously adjusted at both ends. The gap is indicated by a counter. With this accurate adjustment, you get uniform distribution of coating and paint saving.
- Powerful paint delivery pump features quiet running and adjustable paint flow rate. No paint deterioration due to temperature growth. Paint surplus is delivered to a collection tank for return-flow to the paint tank, which can be reused without waste.
- The conveyor belt is manufactured from high quality synthetic resin, and featuring no breakage. It is easy to clean off the paint pollution.
- The paint tank is equipped with a heater. In case paint temperature is too low, it can be heated to ensure normal operation.

MODEL	FSC-300	FSC-600	FSC-900	FSC-1200
Effective coating width	300 mm	600 mm	900 mm	1200 mm
Workpiece thickness	1-35 mm	1-35 mm	1-35 mm	1-35 mm
Min. workpiece coating length	300 mm	300 mm	350 mm	350 mm
Transfer pump motor	1 HP	1 HP	2 HP	2 HP
Feeding motor	1 HP	1 HP	2 HP	2 HP
